**“Post-normal science and its ethical aspects -
Doctoral projects and other projects in the making”
The new workshop: 19-21 January 2009**

Dear workshop participants!

First of all, a very Happy New Year to all of you! I hope the year had a good start so far; you have in any case our “cosy” Hamburg workshop to look forward to!

Due to an unavoidable conflict with another obligation, **Korina** had to cancel her participation in the last minute. I am sure she would have much preferred to spend the time with us. But we were lucky: from the SVT in Bergen we received signals that **Silje Langvatn** might be interested to join us, and, indeed, she answered positively immediately. Silje has not been with us before; *welcome to you, Silje, and our other “newcomers”, Emma, Steffen, and Stellan!*

I hope all of you have already sent a short abstract of your presentation to Ulrike, so that we can send it to all participants. In this letter I send you our revised and hopefully final schedule for presentations. Ulrike has already sent out all practical information.

Ulrike has booked rooms for you at the Hotel Stephan. She also informs me that all other practical matters are arranged.
