Doctoral projects and other projects in the making”
The new workshop: 12-14 October 2011**

Third circular – Get ready!

Dear workshop participants!

With this letter I simply want to remind you all that the time of the Hamburg workshop is coming closer, and that you are scheduled to be a part of it.

We have one change among our participants: Anna Krzywoszynska could not come after all since there appeared an unforeseen clash with teaching obligations. But we were lucky and a new interested participant appeared right in time: Luziana Garuana Souza Silva from Bodø in Northern Norway (but originally from Brazil). I am sure we all make up for a perfect group

and we will have good discussions in Hamburg. At this point in time I would suggest the following tentative schedule for the presentations and discussions:
