“Post-normal science and its ethical aspects - Doctoral projects and other projects in the making” Third Circular on workshop: 2 October – 4 October 2017

Note: ***Have you registered? Else: no immediate action necessary for you***

Dear participant,

Your participation is confirmed, and you can see the updated list of participants above. Some last minute changes have been made. Vanessa could make it after all; instead Clio is now with us. Those who are on the list have definitely confirmed their participation. And we have hotel room for all of you! We are all set! I hope, though, we have enough chairs in the foundation!

I have a preliminary schedule for the talks at the end of this letter. Just have a glance. I hope this works for you. You can always re-shuffle the list by changing with somebody else. But be reminded that you are expected to participate during the whole workshop. As usual, the seniors are free to present a lecture if they feel like it, or if people want to hear them. They are therefore marked with a question mark!

Ulrike will assist you in your travel plans. If Jeff and Suzana or anybody else also need an official letter of invitation for visa reasons (entering the EU / Schengen), let us know. Sahir has got his.

In order to keep the budget, and secure inexpensive tickets we require a final and binding **registration** to the workshop by **30 July 2017**. **The registration form is mostly sent to you by Ulrike already, and if not, please inquire with her asap.** Please fill it out and return asap (if you have not already done so). Again, if you have any questions, do not hesitate to send an email to Matthias Kaiser (matthias.kaiser@svt.uib.no) **and** to our administrative officer Ulrike Horway (ulrike.horway@asfpg.de). In the meantime you may think about what you would like to present.
